Detailed Financials: AI Agent

ROI Formula:

ROI=Annual Value−Investment Cost ÷ Investment Cost×100

- ROI= 109,600 - 70,000 ÷ 70,000 x 100 = 39,600 ÷ 70,000 x 100 = 56.6%
  - Annual Savings & Value Realized (Efficiency + Turnover + Compliance)
    - $62,500 (comms) + $45,000 (retention) + $2,100 (compliance reduction) = $109,600
  - Annual Value = The total monetary benefits gained in one year from efficiency improvements, cost savings, and productivity gains.
  - Estimated Annual Value (benefits from efficiency, turnover reduction, etc.): $109,600
  - Investment returns 56.6% more value than the cost, w/ payback expected in under 1 year.

- Calculation for 25% Boost in Communication Efficiency
  - Assume current communication-related inefficiency costs are $250,000 annually (labor time lost, missed opportunities).
  - A 25% boost in efficiency means: Savings= 250,000×0.25 = 62,500
  - This $62,500 contributes significantly to the annual value in the ROI formula.

Detailed Financials: Every Voice

ROI Formula:

ROI = Annual Value−Investment Cost ÷ Investment Cost×100

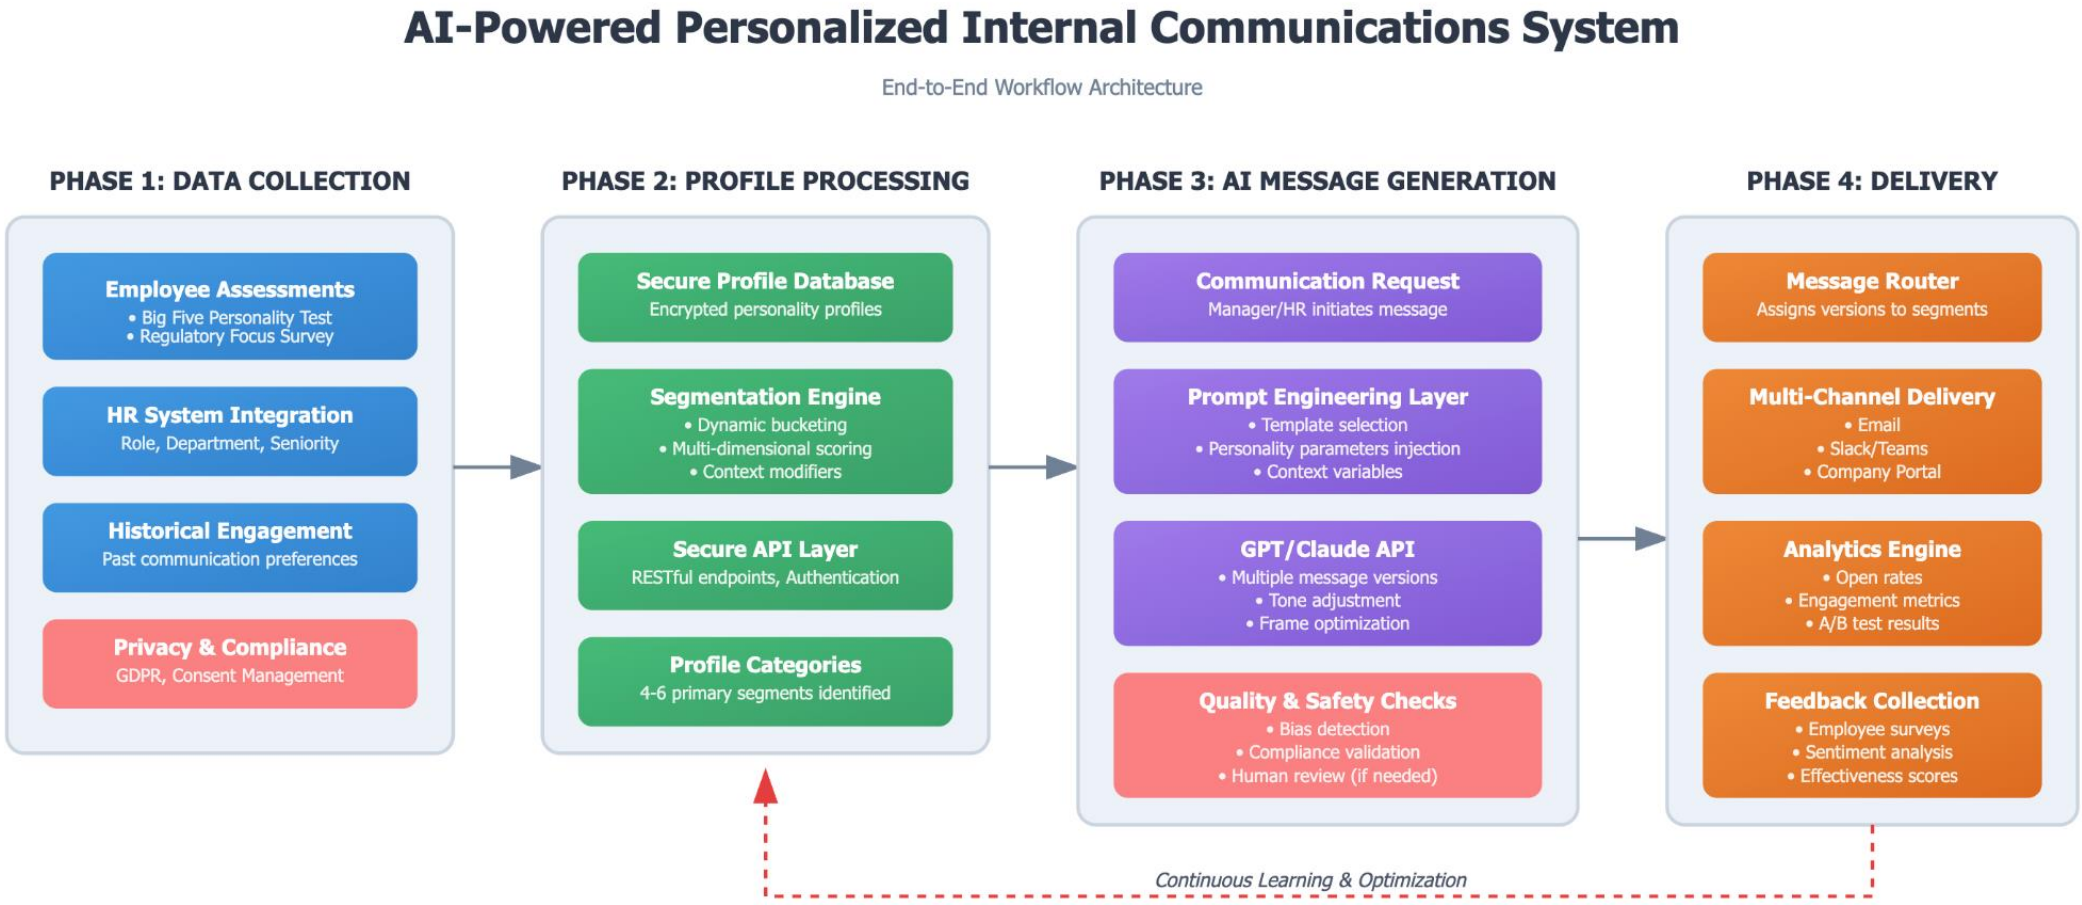

ROI= $45,000- $30,000 ÷ 30,000 x 100 = 50%

- Investing $30K in a multi-faceted internal communication plan, including an Integration Day event, drives a 15–25% reduction in turnover and strong engagement increase.
- The program yields a solid 50% ROI, recovering costs quickly while mitigating merger-related risks.

Metric	Value
Investment Cost	$30,000
Estimated Annual Savings (Turnover + Productivity + Risk Mitigation)	$45,000
Calculated ROI	50%
Payback Period	Less than 1 year

Impact Area	Estimation	Calculation
Reduced Turnover Costs (15–25%)	Organizations typically spend 30–50% of an employee's annual salary to replace them. If the company has 40 employees, at an average $60,000 salary, even a 10% turnover reduction saves around $24,000	40 employees × $60,000 × 10% retention improvement × 0.1 replacement cost factor =~$24,000 saved
Engagement-Driven Productivity Gains (≈25% improvement)	Gallup and PwC report that a 20–30% engagement increase improves productivity by 10–15%. If average employee contribution is $10,000 in annual value, a 10% productivity gain across 15 engaged employees equals $15,000	15 × $10,000 × 10% =$15,000
Cultural & Risk Mitigation (5–10% HR cost reduction)	Integration events can reduce merger-related HR costs (such as conflict turnover, inefficiencies, burnout). A 5% reduction on $120,000 HR-related expenses =$6,000	$120,000 × 5% =$6,000

Dow DuPont Case Study

1. Context

In 2015, **DuPont**, a Fortune 500 global science and engineering company, announced a merger with **The Dow Chemical Company**. This deal would eventually break the combined organization into three new industry-leading companies. The **scale of the merger**, with a newly appointed external CEO and major organizational restructuring, created **major uncertainty** in the workforce.

2. The Challenge

After the announcement survey **of 50,000+** employees revealed:

- **Only 54%** felt confident in the company's future
- **Only 52%** felt their questions and concerns were being addressed

DuPont needed a communications strategy that could **restore confidence**, reduce ambiguity, and **create alignment** during rapid, high-stakes change.

3. The Solution

Leader Enablement

- Built comprehensive **leader toolkits**
  Developed webinars and scalable digital content
- Introduced a **short-form update** tool for the top 125 leaders

Employee Engagement Channels

- Created **new channels** to ensure clarity and accessibility
- Launched quarterly global **CEO town halls**
- Executed a global executive roadshow

Business & Risk Management

- Established a global risk management process to flag issues early
- Ensured global leaders were aligned on priorities

Feedback & Measurement

- Implemented ongoing **feedback loops**

4. Results

Modernized Channels & Increased Reach

- **9 new global** channels launched **3 major platforms** refreshed
- Reach of CEO town halls increased by **6.5x**
- Employee portal engagement **increased 510%**
- Leader portal engagement **increased 260%**

Two-Way Engagement

- Achieved **100% two-way dialogue** across internal digital channels
- Employees had consistent opportunities to ask questions and provide feedback

Employee Understanding & Confidence

- **11% increase** in understanding the change journey
- **16% increase** in confidence in the future state

Confidential Drop-In Hours

Objective: Deliver a safe, confidential, and accessible support channel for employees during the merger.

Weekly Drop-In Schedule (Example)

Week	Time Block	Delivery	Clinician Type
Week 1	Tue 3–5 PM	Virtual	External LPC
Week 2	Wed 11–1 PM	Onsite	External LMFT
Week 3	Thu 1-3 PM	Virtual	External LCSW

- Rotating times to reach multiple shifts
- **Session Duration:** 15-20 minutes
- **Format:** Virtual or onsite. Ensures accessibility and flexible participation

Confidential Drop-In Hours

2. Potential Partners (Category-Based)

- National Employee Assistance Program (EAP) vendors
- Community mental health agencies
- Workplace mental wellness providers (licensed clinical counseling groups with workplace experience)

3. Confidentiality & Data Handling

- No employee-level data shared with employer
- Only aggregate utilization metrics reported
- Clear communication of confidentiality to participants

Pulse Survey Example

Objective: Assess employee sentiment and engagement following Listening Sessions, Storytelling Series, and Confidential Drop-In Hours to inform next steps in merger support.

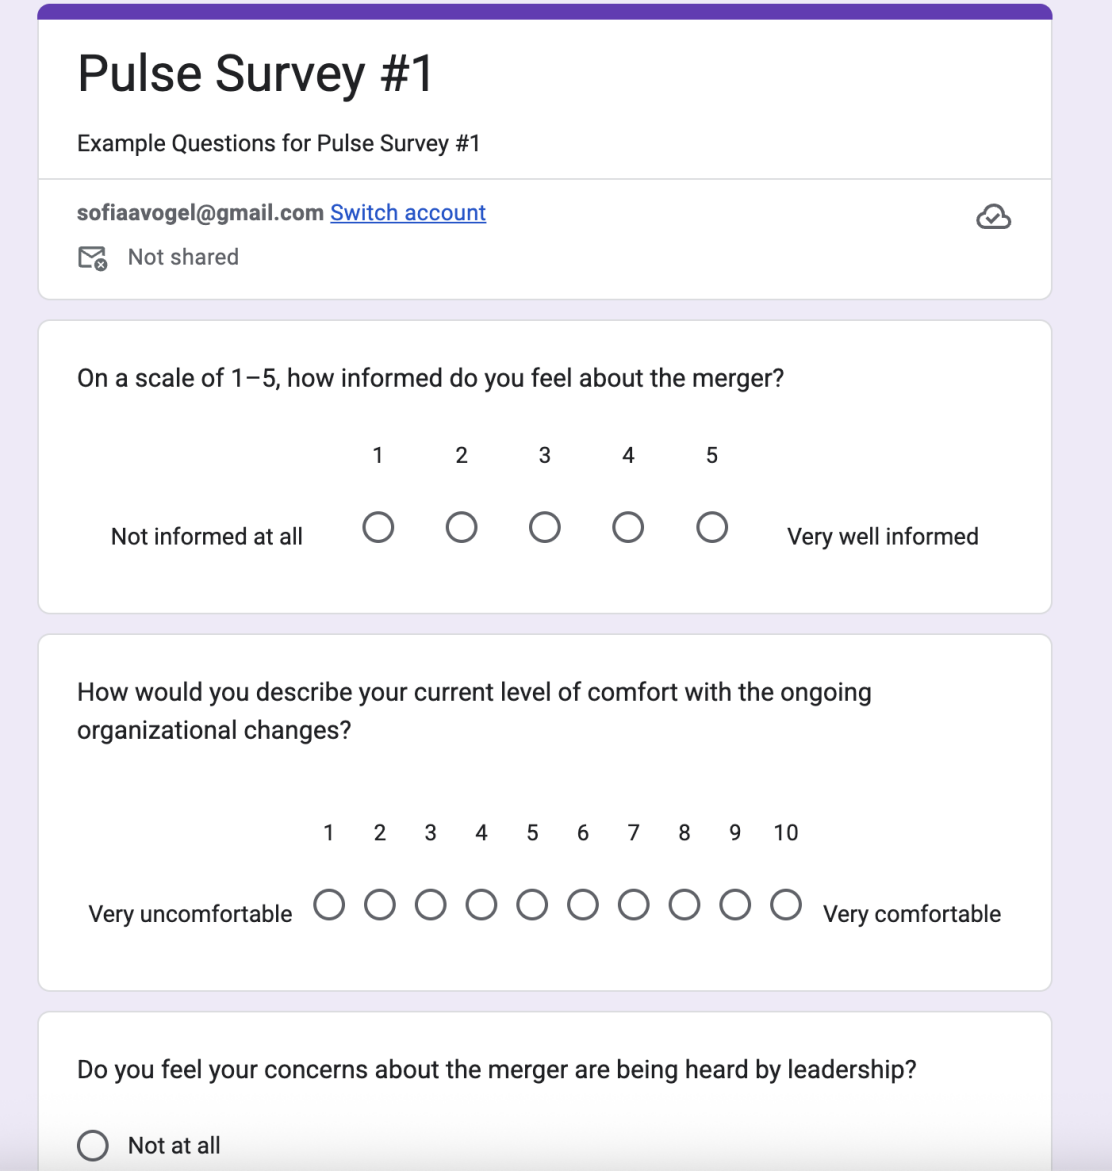

1. Survey Scope & Methodology

- Population: All employees invited to participate
- Method: Online anonymous survey
- Survey Focus Areas
  - Emotional response to merger communications
  - Perceived psychological safety
  - Engagement with support initiatives (listening sessions, storytelling, drop-in hours)
  - Suggestions for improvement

2. **Example Questions (Full Example Pulse Survey Link)**

- On a scale of 1–5, how informed do you feel about the merger?
- How would you describe your current level of comfort with the ongoing organizational changes?
- Do you feel your concerns about the merger are being heard by leadership?
- To what extent did the Listening Session help you articulate your anxieties, uncertainties, or expectations related to the merger?
- Did participating in the Listening Session increase your sense of clarity or confidence about the merger?

Mindset Framework

McKinsey

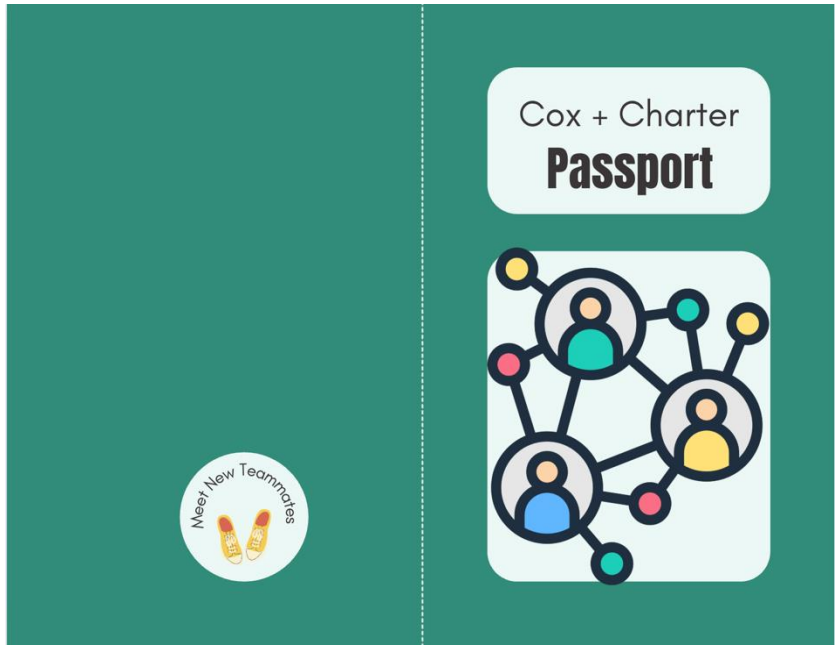

Leader Toolkits: If/Then Scenario

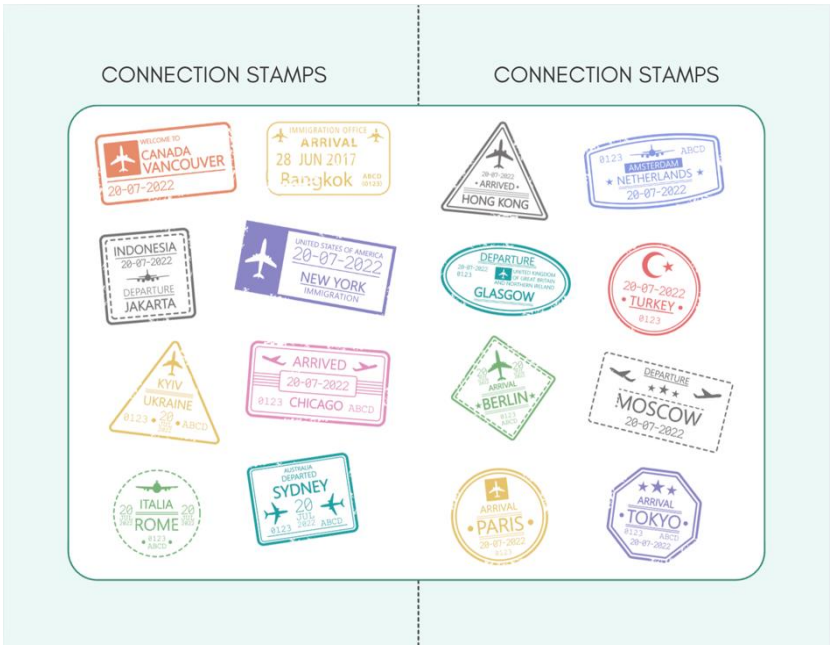

IF (Trigger Event/Situation)	**THEN** (Required Action/Response)
IF a high-performing, critical employee expresses anxiety about their future role or asks specific questions about job security after the merger…	**THEN** their direct manager must escalate this concern immediately to HR and their department head. HR and the manager will schedule a private, reassuring meeting within 48 hours to discuss the employee's value and future potential in the combined company.
IF specific "at-risk" teams (ex: HR, accounting, finance) show signs of low morale or increased absenteeism…	**THEN** the integration team will fast-track the announcement of the new IT organizational structure and provide retention bonuses or "stay awards" for employees who remain through the system migration completion date.
IF our internal pulse survey or exit interviews indicate that the culture is a primary concern for departing employees…	**THEN** the HR and internal communications teams will launch a "Culture Connect" campaign, creating Q&A sessions focused on bridging cultural gaps and clarifying the new, unified values.

Pre-Integration Day

Pre-Integration Day Event	Description
Myth Buster Kickoff	• Exec sponsor welcomes and explains purpose of the social and gives quick speech • Quick live poll: “How are you feeling about the merger?” • 2–3 myth busters to lessen worries and clear up rumors
Speed Dates	• Three fast 5-minute rounds in mixed Cox + Charter trios. • Prompts: name, role, location, one proud customer story • Use Connection Passports to collect stamps for each new colleague.
Case Competition	• Teams of 5-6 receive an outrage scenario/case • How they would respond in their current role and how Cox and Charter could respond as one team • Teams quickly present and work together for first time
Social Q&A	• Open ended question and answer through an online poll • Food and drink available for employees to socialize and get to know each other outside of work • Ends with a raffle for friendly competition
